Dear Carer

Gambado is a children's Indoor play centre that welcomes children with special needs. Our facilities are clean, safe and accessible to all in some form. We have a sensory soft play area for toddlers, huge play frame, dodgems with adult cars, carousel and climbing wall, together with a cafe serving decent coffee and adult quite lounge. Our aim is to help keep all children active through 'exercise in disguise'!

We welcome children, their carers and groups in a number of ways:

- We provide a flexible booking/ payment system
- We provide a fast and efficient entrance and exit system
- We provide quiet areas for children with equipment such as ear defenders, fabric box, musical toys and soft bean bags
- We have disability champions on hand (must be pre- booked) to help with the visit
- We have undergone fantastic training with the charity Resources for Autism to improve our understanding of how to maximise your children's play time at Gambado
- We have exclusive sessions for children with disabilities
- We offer carers free entrance
- We offer groups their own area/ base with the simple things like an adult chair next to every child – helping with meal and snack times!

We would really love to discuss potential bookings and offerings with you further and invite you down to Gambado to meet the team and see for yourself. I have enclosed a brochure with general information about Gambado too!

I can be contacted on 01923 892142 or by email on am3.watford@gambado.com

I look forward to hearing from you

Kind regards,

Miranda Ray, Sales Manager
