3 Nov - 8 Dec, 2008

BeauSandVer Consortium Community Programme Autumn Term 2008

At the start of the new school year we have lots of opportunities for you to begin new courses.

This is the ideal opportunity to start learning a new language or exploring our wide range of art and craft options. New this term is flower arranging, tapestry making and ceramics. Lots of our classes have a Christmas theme this term, from Christmas Technology classes for year 6 children to Christmas arts and crafts and festive cooking and flower arranging.

Taking part

The community programme is open to parents, family members and teachers, as well as neighbours and the wider community, so do encourage your friends and family to join in. While most courses are adult based, there are also some opportunities for children, including singing songs from the musical Hairspray, and joining Verulam's Science Club or Technology Workshops. If you have skills that you are interested in teaching the community or sharing in school, contact Carole Heselton.

Course fees

We keep our fees as low as possible to cover our costs. **Fees cannot be refunded if students drop out of a course.**

Some courses require a minimum number of students to meet the costs, and will not run if insufficient numbers enrol.

For further information call 01727 754113.
