Her contact details are: Mobile: 07876 543491 Office: 01923 665864 Email : H.Pegler@franciscombeacademy.org.uk</p> <p>This group is for any child who is on the autistic spectrum to attend, along with parents or carers and other siblings. Gambados operate up to 12 years old but said if the sibling or autistic child was a bit older that would be okay. The group is unable to cater for any children who have to be heavily medicated as a result of their autism. The Gambado staffs has had training in how to handle the needs of autistic children and are already involved in a similar group for children from Bedfordshire.
